Derek White, President and CEO, commented, *“In our second annual Sustainability Report, we have built upon the foundation laid in last year’s report in terms of environmental, social, and governance performance and disclosure. In 2022 Ascot maintained its strong safety record with another year of zero lost time incidents. The Company continues to prioritize female representation at all levels of the organization, with 29% of the Board of Directors, 42% of senior management, and 40% total Ascot employees. In 2022 we also started measuring our greenhouse gas footprint via an inaugural emissions audit across scopes 1 and 2 – an important addition as we progress towards production next year.”*
