**ASCOT RESOURCES PROVIDES FURTHER UPDATE ON CEO REVIEW**

**Vancouver, B.C., February 5, 2025** — Ascot Resources Ltd. (TSX: AOT; OTCQX: AOTVF) (“Ascot” or the “Company”) is providing an update on the progress of the Premier Gold Project following an initial review conducted by President and Chief Executive Officer Jim Currie and his management team.

Due to the limited availability of trained labour, underground development has commenced later than expected, with slower advancement than anticipated. As a result, the previously outlined timeline for the re-start of mill operations is no longer achievable. The Company now projects ore throughput to commence in July, 2025. A revised schedule and budget are currently being finalized to reflect this updated timeline.

Mr. Currie commented: “Following my initial review, the mill and deposit are both expected to perform in line with prior guidance. However, the delay in development will result in a working capital shortfall. As such, we are actively engaged in discussions with our major shareholders, debt providers, and bankers to address the funding gap. We sincerely appreciate the continued patience and support of our stakeholders as we navigate through this challenging time”.

Ascot remains committed to transparent and timely communication with its shareholders, stakeholders, and the broader investment community. While the Company is in discussions regarding potential financing solutions, there is no certainty that sufficient capital will be raised. The Company thanks all stakeholders for their ongoing support as we work toward the successful advancement of the Premier Gold Project.

**On behalf of the Board of Directors of Ascot Resources Ltd.**

James A. (Jim) Currie  
President and CEO

### **Cautionary Statement Regarding Forward-Looking Information**

All statements and other information contained in this press release about anticipated future events may constitute forward-looking information under Canadian securities laws ("**forward-looking statements**"). Forward-looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "believe", "plan", "estimate", "expect", "targeted", "outlook", "on track" and "intend" and statements that an event or result "may", "will", "should", "could", "would" or "might" occur or be achieved and other similar expressions. All statements, other than statements of historical fact, included herein are forward-looking statements, including statements in respect of the ability of the Company to accomplish its business objectives and the intentions described herein and future plans, development and operations of the Company. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements, including risks related to the need for future waivers or forbearance agreements from the secured creditors of the Company; business and economic conditions in the mining industry generally; fluctuations in commodity prices and currency exchange rates; uncertainty of estimates and projections relating to development, production, costs and expenses, and health, safety and environmental risks; uncertainties relating to interpretation of drill results and the geology, continuity and grade of mineral deposits; the need for cooperation of government agencies and indigenous groups in the exploration and development of Ascot's properties and the issuance of required permits; the need to obtain additional financing to finance operations and uncertainty as to the availability and terms of future financing; the possibility of delay in future plans and uncertainty of meeting anticipated program milestones; uncertainty as to timely availability of permits and other governmental approvals; the need for TSX approval, including pursuant to financial hardship exemptions, and other regulatory approvals and other risk factors as detailed from time to time in Ascot's filings

with Canadian securities regulators, available on Ascot's profile on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca) including the Annual Information Form of the Company dated March 25, 2024 in the section entitled "Risk Factors". Forward-looking statements are based on assumptions made with regard to: the estimated costs associated with the care and maintenance plans; the ability to maintain throughput and production levels at the Big Missouri mine and the Premier Northern Lights mine; the tax rate applicable to the Company; future commodity prices; the grade of mineral resources and mineral reserves; the ability of the Company to convert inferred mineral resources to other categories; the ability of the Company to reduce mining dilution; the ability to reduce capital costs; the ability of the Company to raise additional financing; compliance with the covenants in Ascot's credit agreements; and exploration plans. Forward-looking statements are based on estimates and opinions of management at the date the statements are made. Although Ascot believes that the expectations reflected in such forward-looking statements and/or information are reasonable, undue reliance should not be placed on forward-looking statements since Ascot can give no assurance that such expectations will prove to be correct. Ascot does not undertake any obligation to update forward-looking statements, other than as required by applicable laws. The forward-looking information contained in this news release is expressly qualified by this cautionary statement.
